The Workshop

We warmly invite you to this second free event which brings together anyone who has an interest in homelessness in South West Glasgow.

The workshop is for **service users, front-line and senior staff, policy makers, planners and local community members** - providing each with a unique and equal opportunity to have a say on how priorities for local homelessness issues are found.

You will also be able to find out what changes have arisen as a result of the previous Shared Solutions Workshop held in the Pearce Institute on July 1st 2009.

Shared Solutions is a dynamic method to improve services, as participants can hear, share and consider the specific challenges facing each other. Your feedback from the last Shared Solutions Events in July 2009 included:

- **Very informative, but more importantly very practical - not just talking shop.**
- **Very relaxed, informal atmosphere ... with participants who care.**
- **Good to discuss all issues and see it from other perspectives and their side of things.**
- **Carried out in a brilliant way, allowed some interesting points to be brought up and discussed.**

We look forward to seeing you there!
